**State Environmental Quality Review (SEQR)
Negative Declaration
Notice of Determination of Non-Significance**

Date of Adoption: June 8, 2020

This notice is issued pursuant to Part 617 of the implementing regulations pertaining to Article 8 (State Environmental Quality Review Act) of the Environmental Conservation Law.

The Village Board for the Village of Goshen, as Lead Agency, has determined that the proposed action described below will not have a significant adverse effect on the environment and an Environmental Impact Statement will not be prepared.

Name of Action: Crystal Run Village Production Well 3

SEQR Status: Type I -
Unlisted- X

Conditioned Negative Declaration: YES
X NO

Description of Action:

A municipal water supply production well has been drilled to supplement the Village of Goshen water supply.

Location: 595 Stony Ford Road, Goshen, New York

Reasons Supporting This Determination:

The proposed action will not result in any adverse impacts on the environment, specifically:

- The proposed action will not have a significant adverse environmental impact on any Critical Environmental Area (CEA);
- The proposed action will not have a significant adverse environmental impact on any unique or unusual land forms;
- The proposed action will not have a significant adverse environmental impact on any water body designated as protected;
- The proposed action will not have a significant adverse environmental impact on any non-protected existing or new body of water;
- The proposed action will not have a significant adverse environmental impact on surface groundwater quality or quantity;
- The proposed action will not have a significant adverse environmental impact on or alter drainage flows or patterns or surface water runoff;
- The proposed action will not have a significant adverse environmental impact on air quality;

- The proposed action will not have a significant adverse environmental impact on any threatened or endangered species;
- The proposed action will not have a significant adverse environmental impact on any non-threatened or non-endangered species;
- The proposed action will not have a significant adverse environmental impact on agricultural land resources;
- The proposed action will not have a significant adverse environmental impact on aesthetic resources;
- The proposed action will not have a significant adverse environmental impact on any site or structure of historic, pre-historic or paleontological importance;
- The proposed action will not have a significant adverse environmental impact on the quantity or quality of existing or future open spaces of recreational opportunities;
- The proposed action will not have a significant adverse environmental impact on existing transportation systems;
- The proposed action will not have a significant adverse environmental impact on the community's sources of fuel or energy;
- The proposed action will not have a significant adverse environmental impact as a result of objectionable odors, noise or vibration;
- The proposed action will not have a significant adverse environmental impact on the public health and safety;
- The proposed action will not have a significant adverse environmental impact on the character of the existing community.

Based upon the information above and the information provided in the Environmental Assessment Form, the Village Board finds that the proposed action will not have any significant adverse impacts on the environment. This negative declaration indicates that no environmental impact statement needs to be prepared and that the SEQRA process is complete.

Adopted by resolution of the Village of Goshen Village Board on June 8, 2020

Motion Trustee Smith

Second Trustee Scotto

In Favor 5

Opposed 0

Chair Mayor Nuzzolese

Date June 8, 2020

For Further Information:

Contact Person: Michael Nuzzolese, Mayor **Telephone:** (845) 294-6750
Address: Village of Goshen Village Board
 276 Main Street
 Goshen, NY 10924

Attorney Donovan explained a proposal from Sapphire Care to pay \$4,000 per week on their water/sewer account arrears. Following Board discussion, it was decided that an agreement between the Village and Sapphire should be drawn up, and will be on the next agenda for action.

Mayor/Trustee Comments

Trustee Gurda reported that the Department of Public Works is back to normal activities, including the collection of yard waste on the first and third Fridays of each month.

Trustee Scotto noted that he has been very happy with recent operations of the DPW and the Police Department.

Trustee Henderson reported the following recent activities of the Water Department: repaired a water main valve leak on South Church Street; removed an old water main tee at St. James Place and Green Street; and performed bi-annual fire hydrant flushing.

Trustee Smith noted that the PD have had their work cut out for them recently with various activities including the recent protest march in the village square. He also stated that Department members have been busy sending away people who are fishing at the reservoirs. He will follow up with Superintendent Birney as to the status of the “no fishing” signs.

Mayor Nuzzolese led a discussion of possible ways to assist downtown restaurants, which will be allowed to open for outside dining on June 9th, in phase 2 of the re-opening of the Hudson Valley.

Mayor Nuzzolese also reviewed a letter from the owner of Craft 47, requesting to use the outdoor area next door to his restaurant for additional outdoor dining. It was concluded that this should not be allowed in this public space.

On a motion by Trustee Smith, seconded by Trustee Gurda, the Meeting was adjourned at 7:28 p.m.
