VILLAGE ARCHITECTURAL DESIGN DISTRICT ACKNOWLEDGEMENT FORM

This form must be signed and attached to each application for building permit for exterior modification or signage within the Village's Architectural Design District.

Per Article XV of the Village of Goshen Zoning Code the Village's Architectural Design District (ADD) is to promote the educational, cultural, and economic interests and general welfare of the residents of the Village of Goshen and the public at large through the protection, enhancement, perpetuation and preservation of the buildings and their architectural character within the downtown business and historic areas of the Village of Goshen, shown on the village zoning map as the "Architectural Design District."

Certain regulations apply to structures within this area to achieve this stated purpose which can be reviewed in the Village's code and on the Village's website. Failure to adhere to such regulations may result in the issuance of a violation which may include fines or other action by the Village of Goshen consistent with Section 15.5 of the Village Zoning Code. The Building Inspector reserves the right to refer a project for major exterior construction, addition, alteration or reconstruction to the Planning Board or the Village's architectural consultant.

If you have questions on how these regulations impact your project or how best to comply with these regulations, please contact the Village of Goshen Building Inspector at 845-294-8881 or the Village Planning Consultant at 845-294-3700 or Kod@lanctully.com.

I acknowledge that my property lies within the Village's ADD and that all exterior modifications including signage are subject to the regulations and requirements of Article XV of the Village Zoning Code.
